**DIGITAL CABLE TELEVISION SERVICE DEBUTS AT USAG BAUMHOLDER
Viewers must retune their television sets to receive analog AFN channels.**

Kaiserslautern, Germany - November 16, 2011 - On 23 November 2011, TKS will introduce digital cable television services in USAG Baumholder. The new service known as digiCABLE will be available to all on-post residents in the Smith and Wetzel housing areas.

digiCABLE will deliver a whole new dimension of home entertainment to the Baumholder military community, with the highest quality digital broadcasts featuring an expanded and improved channel lineup. An entry-level digital service plan starts at only €19.95 per month.

Baumholder residents can request digiCABLE service in person at TKSShop Baumholder starting 23 November, special introductory offers will be available. (TKSShop Baumholder: Smith Barracks, Bldg. 8401 / Main Exchange / Mon - Sat: 10:00 - 18:00).

Additional information about digiCABLE service along with a comprehensive channel list can be obtained at the TKS website: www.tkscable.com/CableTV/digiCABLE.aspx

Analog Broadcasts: AFN & TKS Channels

Due to technical requirements, all existing analog cable television broadcasts will be reprogrammed with the introduction of digiCABLE.

IMPORTANT: On 23 November, Baumholder residents must perform a channel scan on their television sets to recapture both AFN and TKS channels at their newly assigned broadcast frequencies.

BAUMHOLDER digiCABLE LAUNCH

When: WED 23 NOV 2011

Locations: Baumholder - Smith & Wetzel

Required: New channel scan (for analog non-digital channels)

Channels: AFN channels [analog]
TKS Basic Cable [analog]
